- 3) Change the dependency of claim 13 from "6" to -3--.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

In claim 5, prior art could not be located that taught said means comprising a tapered aperture formed between said first and second arm extremity second portions.

In claims 6, prior art could not be located that taught a tapered aperture formed between said first and second arm extremity second portions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Septfons et al., US Patent 4,991,666, and Sakemi, US Patent 5,713,126, are both cited as teaching a solder mound contacting a U-shaped metallized pad.
